WE ARE WALTHAM FOREST

The English Defence League (EDL), an extreme right wing fascist organisation, has announced its intention to march in Walthamstow on Saturday August 18. The EDL have been targeting Asian and Muslim areas, where they have attempted to march and intimidate local Asian communities and whip up hatred and division. A local campaign, 'We are Waltham Forest' has been set up to oppose the EDL and is supported by Unite Against Fascism and the Waltham Forest Trades Council. Please show your support by getting involved in the campaign and making a donation.
